## Important

### 1. Excess

**The first amount of each claim (referred to in the policy as the excess) is excluded under the following Sections:**

- Contents £100 excess
- Money £50 excess
- Buildings £100 excess

**Premium Discounts** are normally available if a higher excess is selected, in which event it will apply to both Contents and Buildings (but not Money where a £50 excess would continue to apply).

### 2. Index-Linking

To help you maintain adequate levels of protection, Sums Insured under the following Sections will be index-linked and amended in line with monthly movements in appropriate indices:

- Contents
- Buildings

Any resulting increases will be provided **free of charge** until next renewal, when your renewal premium will then be based on the amended Sums Insured.

It is important to select and maintain adequate Sums Insured, which take into account revenue, growth, and acquisitions of equipment, etc. The notes below will assist you in calculating your initial Sums Insured and Index-linking in certain Sections, will help to maintain them at the correct level

### Contents

**Business Equipment Sums Insured** - should represent the full cost of replacing, as new, all the undernoted items which you own or are legally responsible for as a tenant, without any deduction for wear, tear and depreciation, and including any delivery and installation charges.

- Furniture, Fixtures, Fittings, Internal Decorations.
- Equipment and Electronic Equipment.

- Office Fronts including Glass, Fixed Signs and Blinds.
- All other Contents e.g. stationery stocks, etc.
- Cost of debris removal.

**Business Files and Records Sum Insured** - should allow for the value of materials, the cost of labour or computer time expended in reproduction and expenses likely to be incurred to retrieve or recompile the information.

### Business Interruption

**Revenue Sum Insured** - should represent your projected Gross Revenue during the Indemnity Period selected (which in turn should represent the maximum time it could take your business to fully recover financially from the most serious Damage). Your Sum Insured should allow for the fact that Damage could occur at the end of the Period of Insurance and take into account any expected growth in your business during the Indemnity Period.

If you elect to cover 'Additional Expenditure' only, the Sum Insured should represent your assessment of the additional cost (e.g. renting alternative office space, removal costs and expenses, increased rates, etc.) that would be incurred during the selected Indemnity Period following serious damage. This basis of cover will not compensate you for loss of revenue.

### Buildings

Your Sum Insured should represent a calculation of the full rebuilding cost (**not market value**) which ignores wear, tear and depreciation but includes:

- An allowance for inflation during the period needed to rebuild.
- Landlord's fixtures and fittings
- Boundary walls, gates and fences
- Additional professional expenses: Architects', Surveyors', Consultants' and legal fees

- Cost of debris removal
- Additional cost necessary to comply with States of Jersey or Guernsey or other Public Authority requirements as a result of Damage

If you are in doubt regarding the adequacy of your Sum Insured, a professional valuation would be advisable.

### Outstanding Debit Balances

The Sum Insured should represent the **maximum** amount likely to be owed to you by clients at any one time during the Period of Insurance.

### Personal Accident

You should select the benefits which best meet your requirements although any amount for Temporary Total Disablement, when added to States Insurance Benefits should not exceed gross salary or wages.

### Remember

**It is important that your Sums Insured are adequate or you may find that your claim will not be settled in full. You should reconsider the adequacy of your Sums Insured whenever you acquire equipment or refurbish or extend your premises or if there is a change or expansion in your business**
