- Contents
- Buildings
- Refrigerated Stock.

Any resulting increases will be provided **free of charge** until the next renewal of the Policy, when your renewal premium will be based on the amended Sums Insured.

It is important to select and maintain adequate Sums Insured, which take into account rebuilding and repair costs, turnover, increases in stock levels and acquisitions of equipment, etc. The notes below will assist you in calculating your initial Sums Insured and INDEX-LINKING in certain Sections, will help to maintain them at the correct level.

Contents

Stock Sums Insured – should represent the full cost of replacing all stock at current wholesale (cost) prices and include customers' goods for which you are legally responsible.

Business Equipment Sums Insured – should represent the cost of replacing, as new, all the undernoted items which you own or are legally responsible for as tenant, without any deduction for wear, tear and depreciation and should include any delivery and installation charges.

- Furniture, Fixtures, Fittings, Internal Decorations.
- Equipment and Machines e.g. tills, scales, computer equipment, freezers, etc.
- Shop Fronts including Glass, Fixed Signs and Blinds.

- landlord's fixtures and fittings
- boundary walls, gates and fences

- additional professional expenses: Architects', Surveyors', Consultants' and legal fees

Refrigerated Stock

The Sum Insured should represent the **total** cost of replacement of all business stock in your refrigerators and/or freezers at current wholesale (cost) price.

Personal Accident

You should select the benefits which best meet your requirements although any amount for Temporary Total Disablement, when added to States Insurance Benefits should not exceed gross salary or wages.

Loss of Licence

The value of your interest in the premises could reduce following the loss of your liquor licence. Compensation is provided for the resultant reduction in value and legal costs associated with an appeal. The limit of indemnity selected should represent the maximum reduction in value envisaged.

Remember

It is important that your Sums Insured are adequate or you may find that your claim will not be settled in full. You should reconsider the adequacy of your Sums Insured at least annually or whenever you increase stock levels, acquire equipment or refurbish or extend your premises.
